

# TURNING THE PAGE ON HATE

By the Right Response Team

## SUMMARY

- An investigation by HOPE not hate's Right Response team has found huge quantities of extreme hate content being sold by the major book sellers **Waterstones, Foyles, WHSmith** and **Amazon**.
- All 4 companies sell the *Turner Diaries* which has inspired numerous violent racists and terrorists, including the Oklahoma City bomber Timothy McVeigh, who killed 168 people using a truck bomb similar to one described in detail in the book. Purchasing the *Turner Diaries* at Foyles gets you 48 Foyalty points as part of their loyalty scheme.
- **Waterstones, Foyles** and **Amazon** companies sell the antisemitic forgery *The Protocols of the Learned Elders of Zion* which has been described as a "warrant for genocide".
- Large amounts of extreme Holocaust denial literature is available via these sellers. The infamous book *Did Six Million Really Die? The Truth at Last* is advertised on the **Waterstones** and **Foyles** websites.
- Some of the most extreme antisemitic texts ever written in English, such as the works of the infamous postwar fascist Arnold Leese, are available from the **Waterstones, Foyles** and **Amazon** websites.
- Books by some of the most extreme and dangerous neo-Nazis are also advertised, including pro-National Socialism books by the now deceased leader of the World Union of National Socialists, Colin Jordan, from the **Waterstones, Foyles** and **Amazon** websites.
- A 1971 book containing instructions for the manufacture of explosives called *The Anarchist Cookbook* is available to purchase via **Waterstones, Foyles** and **Amazon**.

## OUR POSITION

- While we abhor these books HOPE not hate is not saying that people do not have the right to write and publish books we disagree with. We are arguing that major mainstream book sellers such as **Waterstones, Foyles, Amazon** or **WHSmith** should not profit from extreme hate content such as this.
- Our further major concern is that these extreme books and authors gain respectability by virtue of their publications being available on the websites of trusted and mainstream sellers.
- We accept that **Amazon** took the step of removing three Holocaust denial titles in 2017, a move we of course welcome, but much more needs to be done. Worryingly some of the books they removed are still available via other sellers such as **Waterstones**.

## BOOKS OF CONCERN

The list provided below is not exhaustive but rather just a selection of the sort of content that is available via these mainstream book sellers.

## DANGEROUS BOOKS

### ***The Turner Diaries* by William Luther Pierce (aka Andrew Macdonald)**

**Available from: Waterstones/Foyles/WHSmith/Amazon**

Written by American neo-Nazi leader William Luther Pierce, the fictional Turner diary depicts a future wherein a movement named the Order wages a race war against the black enforcers and Jewish politicians of the US federal government, known as “the System”. The book has inspired numerous violent racists and terrorists, including the Oklahoma City bomber Timothy McVeigh, who killed 168 people using a truck bomb similar to one described in detail in the book.

### ***The Anarchist Cookbook***

**Available from: Waterstones/Foyles/Amazon**

A 1971 book containing instructions for the manufacture of explosives and other rudimentary weapons. It also contains instructions for the home manufacturing of illegal drugs.

### ***The Protocols of the Learned Elders of Zion***

**Available from: Waterstones/Foyles/WHSmith/Amazon**

Undoubtedly one of the most notorious and scurrilous antisemitic publications in modern history, the *Protocols* is a forgery purporting to be a secret blueprint of Jewish plans for world domination. The *Protocols* was exposed as a fraud by the Tsarist secret police in the early 1920s. Nevertheless, Hitler was introduced to the *Protocols* in the early 1920s, and the text became an important fixture of antisemitic Nazi propaganda throughout the 20s and 30s. This dangerous book has inspired decades of extreme antisemitism and has been described as a “warrant for genocide”.

## HOLOCAUST DENIAL BOOKS

### ***Did Six Million Really Die? The Truth at Last* by Richard Verrall (aka Richard E. Harwood)**

**Available from: Waterstones/Foyles**

First published in 1974 with the most recent (fifth) edition being published in 2011. This latest edition was described by its publisher as, “one of the most comprehensive reviews of the ‘Six Million’ myth ever yet seen in print”. The short booklet was written by Richard Verrall aka “Richard Harwood”, a senior member of the National Front.

### **Books by David Irving**

**Available from: Waterstones/Foyles/Amazon**

- *Hitler’s War* (Waterstones/Foyles/Amazon)
- *Nuremberg, the Last Battle* (Waterstones/Amazon)
- *Churchill’s War: Triumph in Adversity* (Waterstones/Foyles/Amazon)
- *Hess: The Missing Years, 1941-45* (Foyles/Amazon)

David Irving is a key British Holocaust denier, once considered to be one of the most successful and respectable of the “revisionists”. Irving made his reputation as a historian after gaining access to hitherto unaccessed personal papers of former leading Nazis, some of whom he interviewed. In 1988 Irving publicly denied the genocide of the Jews. Irving gained further public notoriety for launching a failed libel case against academic Deborah Lipstadt in 2000 against claims he was a denier. In the wake of this he increasingly relied on book tours to the United States, addressing small crowds of neo-Nazis, antisemites and anti-immigration activists. In September 2010 Irving led a group of devotees to Auschwitz in support of his forthcoming biography of Heinrich Himmler, architect of the Nazi genocide. The trip also included a visit to Hitler’s bunker where, according to Irving, in 1944 “Germany army traitors” attempted to assassinate the Führer. Irving continues to speak at extreme right meetings.

### **Books by Arthur R. Butz**

**Available from: Waterstones/Foyles/WHSmith**

- *The Hoax of the Twentieth Century: The Case Against the Presumed Extermination of European Jewry* (Waterstones/Foyles/WHSmith)

An associate professor of electrical engineering at Northwestern University and author of *The Hoax of the Twentieth Century* which explained that the Holocaust was a “hoax” of “Zionist provenance and motivation”. In 2006 Butz commended the Holocaust denial claims of then-President of Iran, Mahmoud Ahmadinejad. In 2018 Amazon took the step of removing Butz’s book from sale.

## Books by Nick Kollerstrom

**Available from: Waterstones/Foyles/WHSmith**

- *Breaking the Spell: The Holocaust: Myth & Reality* (Waterstones/Foyles/Smiths)

Kollerstrom is a former honorary research fellow at University College London who was dropped by the university in 2008 after it emerged he was engaging in Holocaust denial. In an article entitled: “the Auschwitz ‘Gas Chamber’ Illusion”, Kollerstrom claimed that although there were gas chambers at Auschwitz these “were operated for purposes of hygiene and disinfection, in order to save lives and not take them”.

Due to his links to Holocaust denier Michelle Renouf, Kollerstrom provided an interview to the Iranian English-language channel PressTV, and an article entitled “The Walls of Auschwitz: A Review of the Chemical Studies” was uploaded to the Press TV website, during which Kollerstrom claims that the gassing of the Jews was “scientifically impossible.” In 2014 he released the book *Breaking the Spell: The Holocaust: Myth and Reality*, published by Germar Rudolf’s Holocaust denial publishing house, Castle Hill Publishers.

### Quotes by Kollerstrom:

“[There was] never a centrally-coordinated Nazi program of exterminating Jews in Germany. Lethal gas chambers did not function in German labour-camps, that’s just an illusion” from ‘The Auschwitz Gas Chamber Illusion’ on the website of the Committee for Open Debate on the Holocaust (CODOH).

“Let us hope the schoolchildren visitors are properly taught about the elegant swimming pool at Auschwitz, built by the inmates, who would sunbathe there on Saturday and Sunday afternoons while watching the water polo matches,” and, “Let’s hope they are shown postcards written from Auschwitz, where the postman would collect the mail twice weekly” from an essay posted to CODOH.

Sentenced to fourteen months' imprisonment for Holocaust denial, he fled Germany in 1996, heading first to Spain where he stayed with the Nazi Otto-Ernst Remer before moving onto Britain, establishing links to the UK far right and setting up Castle Hill Publishers (CHP). In 1997 Rudolf established the only German-language publication which had the sole purpose of denying the Holocaust. After moving to the USA and establishing "Holocaust Handbooks", he was deported to Germany to serve his sentence in 2005 and in 2007 was sentenced to two-and-a-half years for Holocaust denial.

## Books by Robert Faurisson

- *Pope Pius II's Revisionism* (Waterstones/Foyles/Amazon)
- *Impact and Future of Historical Revisionism* (Amazon)
- *Just Who is Robert Faurisson? Selected Writing & Commentaries on "The Holocaust": The Extraordinary Life and Times of Donald A. Clifford* (Amazon)

This French former Professor is one of the world's most infamous Holocaust deniers, and has been convicted of Holocaust denial offences on numerous occasions. Faurisson's forthright denial of the Holocaust and his claim that Anne Frank's diary is a fake has earned him a level of notoriety above and beyond that enjoyed by many other Holocaust deniers. In the 1970s Faurisson also wrote articles for the neo-fascist quarterly *Defense de l'Occident*, founded by Maurice Bardeche. He has appeared as a witness at the trials of Holocaust deniers like Ernst Zundel in Canada and Nick Griffin in Britain.

Faurisson, who is now in his eighties, remains active and continues to be feted by the world's Holocaust deniers, including figures like Michelle Renouf.

**Quote:** "The alleged Hitlerite gas chambers and the alleged genocide of the Jews form one and the same historical lie, which has permitted a gigantic political and financial swindle whose main beneficiaries are the state of Israel and international Zionism and whose main victims are the German people - but not their leaders - and the Palestinian people in their entirety." *The Victories of Revisionism*, 2006, self-published on Faurisson's personal site

## Books by Fred Leuchter

**Available from: Waterstones/Foyles/WHSmith**

- *The Leuchter Reports: Critical Edition* (Waterstones/Foyles/WHSmith)

Leuchter is an American consultant on US prison execution equipment (though later revealed to have had little engineering education) who assisted in an attempt to disprove the Holocaust so as to help the case of Canadian Holocaust denier Ernst Zundel. Leuchter and a team hired by Zundel illegally obtained what Leuchter claimed were "forensic samples" from a range of buildings associated with the Nazis' extermination programme, though the report was soon discredited. Nevertheless, Leuchter would go on to speak on the Holocaust denial conference circuit.

In his newspaper, *Gothic Ripples*, Leese wrote: "The fable of the slaughter of six million Jews by Hitler has never been tackled by *Gothic Ripples* because we take the view that we would have liked Hitler even better if the figure had been larger; we are so "obsessed with antisemitism" that we believe that as long as the destruction was done in a humane manner, it was to the advantage of everyone ... if it had been true"

MacDonald is an influential antisemitic academic and editor of alt-right webzine *The Occidental*

Observer and journal *The Occidental Quarterly*. MacDonald has done more than any other figure currently active to codify antisemitism into a pseudo-scientific theory, and serves as something of an “elder statesman” to the alt-right and other far right circles. MacDonald has explicitly pushed for the adoption of antisemitism within the alt-right, linking the movement’s core concerns to “Jewish conspiracies”.

### Books by Colin Jordan

An influential figure for the development of the alt-right and the European far-right identitarian movement, de Benoist is a French philosopher associated with the ‘European New Right’ (ENR) movement that emerged in the late 60s. His *Manifesto for a European Renaissance*, translated into English in 1999, was pivotal in introducing rebranded far-right concepts such as ‘ethnopluralism’ to the far-right Anglosphere. Though he has attempted to publicly distance himself from the alt-right, de Benoist spoke at the 2013 conference of the leading US alt-right organisation, the National Policy Institute, which is now part of the AltRight Corporation.

**Quote:** “[...] immigration such as one sees today in Europe constitutes an undeniably negative phenomenon [...] immigration [is not] beneficial for the host population receiving the immigrants, who are confronted, against their will, with sometimes brutal modifications in their human and urban environments” *Manifesto for a European Renaissance*.

Evola was an Italian extreme right-wing philosopher. Evola’s unwavering anti-egalitarian works influenced Italian fascist leader Benito Mussolini’s 1938 Racial Laws, although Evola came to prefer the Nazi SS to Italian fascism. Evola’s ideas have inspired Italian terrorists in the post-war era, and continue to be a major inspiration for the white nationalist alt-right and European fascist and nazi groups.

### Books by Markus Willinger

**Available from: Waterstones/Foyles/WHSmith/Amazon**

- *Generation Identity: A Declaration of War Against the ‘68ers* (Waterstones/Foyles/WHSmith/Amazon)

- *A Europe of Nations* (Waterstones/Foyles/Amazon)

Though his public profile has decreased in recent years, he has previously spoken at the London-based traditionalist organisation, the Traditional Britain Group. His 2013 book *Generation Identity: A Declaration of War Against the '68ers* is considered the manifesto for the anti-Muslim and anti-migrant identitarian youth movement, Generation Identity.

Rejecting multiculturalism, Willinger states “we don’t want Mehmed and Mustafa to become Europeans”. He also condemns the increasing acceptance of LGBT+ people in society – what he calls “the union of nothingness” – and instead calls for a return to traditional gender roles as “Women want to be conquered”.

31 books (some different editions of same book) by A.K. Chesterton are available via Waterstones. These include:

- *The New Unhappy Lords* (Waterstones/Foyles/WHSmith/Amazon)
- *Creed of a Fascist Revolutionary* (Waterstones/Foyles/Amazon)

Chesterton is perhaps Britain’s most influential conspiratorial antisemite. His books are still read widely by the international antisemitic far right. His books argue that a secret group of Jews run the world. He was a member of Oswald Mosley’s British Union of Fascists, becoming editor of its magazine *Blackshirt*. Chesterton also founded the long-defunct League of Empire Loyalists, and was a former early leader of the National Front.

### Books produced by the League of St George
